● **Mogelijk***
● **Niet mogelijk**

* Raadpleeg altijd uw Technisch Commercieel Adviseur voor advies.

- Belangrijk:**
- Raadpleeg te allen tijde het actuele productblad op www.pallmann.nl.
 - Controleer te allen tijde het actuele lak- en olie overzicht op www.pallmann.nl.
 - De droging bij diverse tropische houtsoorten (bijv. teak, kambala, wenge) kan langer zijn dan normaal.
 - Houtsoorten met inhoudsstoffen kunnen beter afgewerkt worden met een 2-componenten product.
